

feature_plan

Home Page:

This is a potential design for the home page of the website. The home page is accessible to everyone, and displays some information about the events but not all. The user can login and signup, and also view past events.

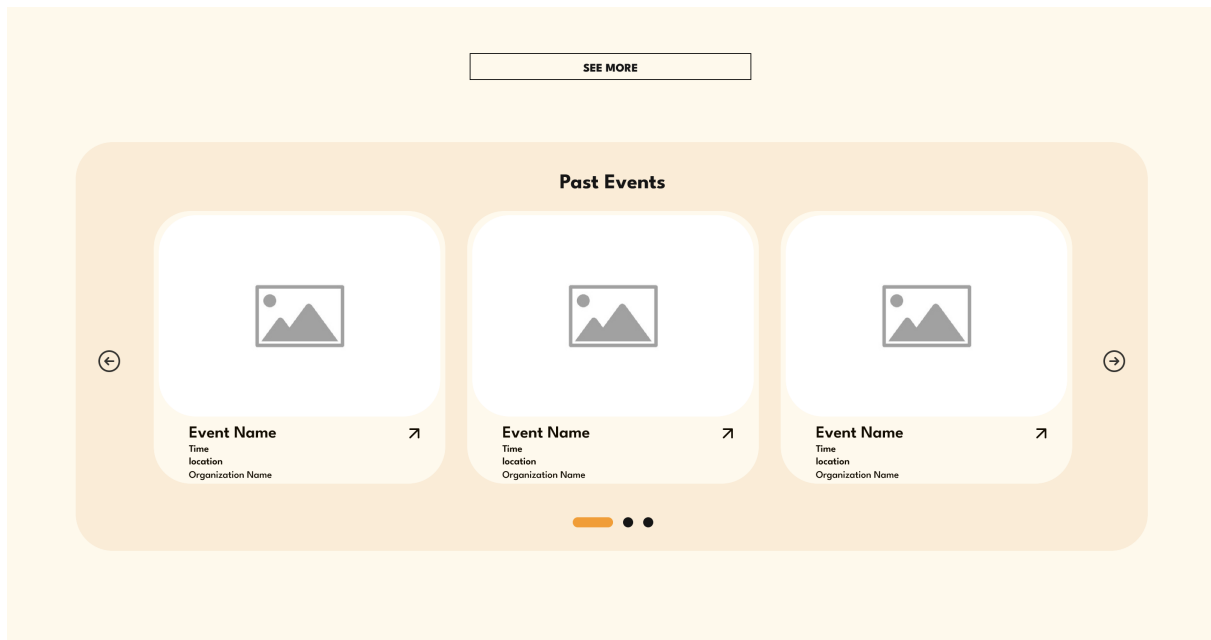

This is the preview of events near Adelaide, not all events are shown here. The event component has Event name, time of the event, location of the event, and name of the organizer. They can click and find more about the event

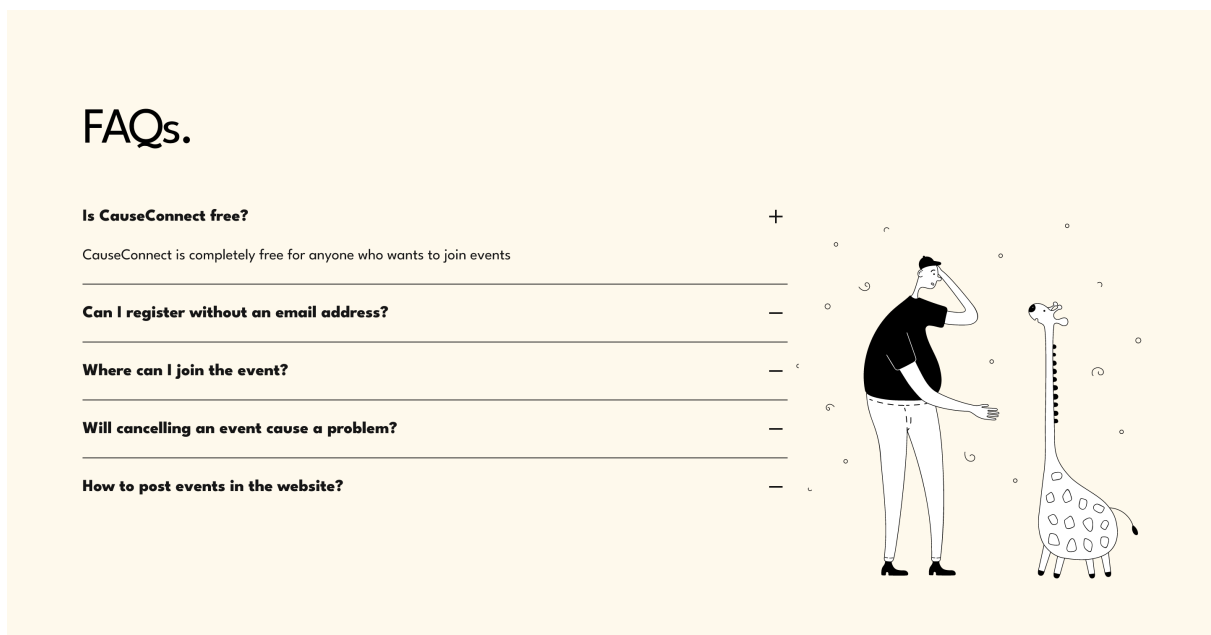

Past events:

There's a feature that shows the past event that has happened

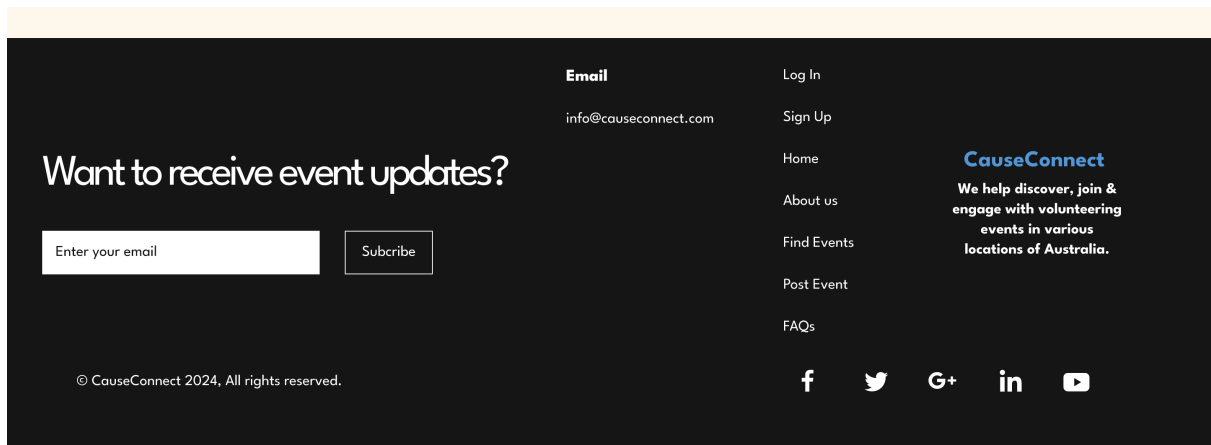

FAQ:

This section is the frequently asked questions

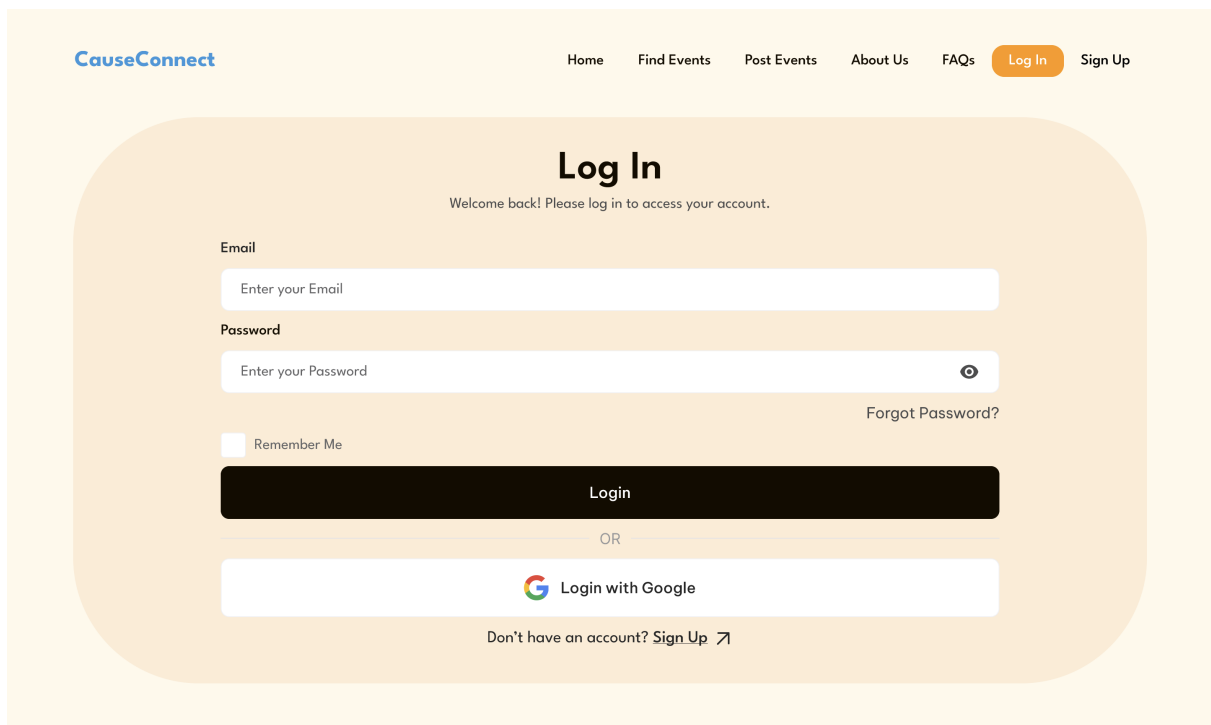

Footer:

This is the footer where they can subscribe to the mailing list check out our social media, contact us, and learn more about us.

Login Page:

This is the login page, where users will be shown to login with their email address or google. If they aren't a user of the website, they are given an option to sign up

Sign Up Page

This is the signup page, if the user choose to sign up, they are shown this page, where they enter their details. The location is automatically set based on the

user location, but can also be changed. They can also sign up from google, and are given an option to login
